#### CDE Mission Statement

"To lead, to serve, and to promote quality education for all."

The Colorado Department of Education dedicates itself to increasing achievement levels for all students through comprehensive programs of education reform involving three interlocking elements:

- A. High Standards for what students must know and be able to do;
- B. Tough Assessments that honestly measure whether or not students meet standards and tell citizens the truth about how well our schools serve children;
- C. Rigorous Accountability Measures that tie the accreditation of school districts to high student achievement.

## **Revenues and Expenditures FY 2010-11**

### **General**

Financial information provided in this publication reflects activity from July 1, 2010, through June 30, 2011, and is based on audited reports furnished by school districts and boards of cooperative services (BOCES) pursuant to Section 29-1-603, Colorado Revised Statutes.

Each table is arranged alphabetically by county for school districts and by name for boards of cooperative services. Within each county, school districts are listed in legal number order. At the end of each table, subtotals for school districts and for boards of cooperative services and totals for the state are provided.

Generally, at least three lines of information related to each revenue or expenditure category are shown: a total dollar amount, a per-funded-pupil dollar amount, and a percentage of the total revenues or expenditures that each individual revenue or expenditure category represents.

### **Fiscal Year 2010-11 Funded Pupil Count (FPC)**

For most school districts, funding is based on the number of pupils enrolled and in attendance on October 1, 2010. However, for districts with fluctuating enrollments, funding is based instead on the average of their October 1, 2010, pupil counts and up to three previous years' counts.

This funded pupil count is expressed as a full-time equivalency (FTE). That is, any part-time pupils are included as less than 1.0 FTE.

### **Revenues**

Tables IA through IC illustrate total revenues classified by local, state, and federal funding sources.

Tables IIA and IIB illustrate revenues based on the various funds into which they are deposited.

### **Expenditures**

Tables IIA and IIB illustrate expenditures based on the various funds from which they occur.

Table IIIA illustrates instructional expenditures as they are incurred at the various locations within a school district or BOCES (e.g., elementary school, high school).

Tables IIIB through IID illustrate instructional expenditures by program/subject area (e.g., Art, English Language Arts, Mathematics, Music, Natural Science) as they are incurred at high school and vocational school locations within the district or BOCES.

Table IVA details instructional program expenditures by object: salaries, employee benefits, purchased services, supplies and materials, capital outlay, and other.

Table IVB summarizes "support program" expenditures such as pupil and instructional staff support, administration, operations and maintenance, pupil transportation, food service operations, and other support services.

Table IVC summarizes total expenditures classified by "instruction," "support services," "community services," and "other" services.

Table V focuses exclusively on employee salary and benefit costs incurred for a variety of job classifications.

### **Fund Balances**

Beginning and ending fund balances are not reflected in the revenue and expenditure amounts reported.

### **Duplicate Reporting**

The amounts shown in this report represent unduplicated revenues and expenditures where possible. To that end, any transfers among funds and any duplicated reporting of activities within internal service funds are not included unless otherwise noted.
